Our stockists are our partners—they enable crafters around the world to see and squish our yarns in person. We are committed to both supplying and promoting our partners.

- **We offer stockists geographic exclusivity. Plied has one stockist per metropolitan area.**
- **We supply our stockists before we restock our website. If we have it, you can have it.**
- **We create exclusive colorways for stockists and promote them in our social media.**
- **We send a huge trunk show of samples for your launch—and anytime you want to promote Plied!**
- **We visit your shop for the launch or for events featuring Plied whenever possible.**

About Our Yarns

We have four yarns—two different weights, each in two different styles. All are woolen spun, hand-dyed, 100% non-superwash wool.

- We offer two weights: North Ave, a fingering/sport weight, and Penn Ave, a worsted/Aran weight.
- Each weight is available in TWISTS and PRIMARIES.
 - TWISTS are a barber-pole style created by plying two different hand-dyed plies together to create a unique marl
 - PRIMARIES are semisolid, dyed-in-the-skein colors that match the individual plies used in the TWISTS
- We also offer bobbins of North Ave TWISTS—mini skeins with 35 yards each.
- We can create kits from full skeins and/or bobbins for your shop!
- We can also create exclusive custom colors in any of our four yarns.

Minimum Initial Order

All our bases come in bags of 6. The initial order must be at least 20 bags. This can be of a single yarn or any combination you choose.

- Wholesale for North Ave and Penn Ave TWISTS is \$14/skein, and suggested retail is \$28/skein. Each bag is \$84.
- Wholesale for North Ave and Penn Ave PRIMARIES is \$8/skein, and suggested retail is \$16/skein. Each bag is \$48.
- You can order as many bobbins as you like in any color mix you like. We have no minimum bobbin order for stockists that carry full skeins.
- Wholesale for bobbins is \$3.50, and suggested retail is \$7.

We look forward to a partnership with you!

Minimum Initial Order: Bobbins-Only Stockists

We offer a bobbins-only stockist option for needlepoint and other fiber arts shops, too!

Minimum order is 150 bobbins. They can be any combination of colors.

$\$3.50 \times 150 = \525

Payment Terms

- We ask for a 50% deposit when you order. This enables us to plan our production to fulfill your order and to set aside stock for you.
- The remainder of the invoice is due 30 days after we ship.

Geographic Exclusivity

- Because we promise our stockists geographic exclusivity, we work with only one stockist in a given metropolitan area. We talk with each stockist to determine what that means for their region.
- To maintain geographic exclusivity, stockists must place a restock order of at least \$500 per year.
- We do not promise bobbins-only stockists geographic exclusivity.

Restock Orders

- The minimum order for restock is 1 bag (6 skeins) of any color. If we have the color in stock, we will ship within a week of the order. If we do not, we'll let you know the expected availability and ship as soon as we receive the yarn from our mill.
- There is no minimum order for bobbin restock.
